CORRECTION ON THE INTERVIEW COMPUTATION

TO: Public Schools District Supervisors
Elementary School Administrators
Secondary School Administrators

Please inform your teacher-applicants of the corrections made on the interview computation. You are further advised to make further explanation on the correct computation of interview points.

Attached is the list of applicants with corrections on the interview computation as indicated during the actual interview last April 14, 2014. The perfect points for interview is suppose to be 10 only, however, most of the points are already more than the allotted points for interview. Corrections are made and are also found on the attachment.

For immediate dissemination,

CHERRY MAE L. LIMBACO, PH. D., CESO V
Schools Division Superintendent
