RE: INVITATION TO JOIN SUPPLEMENTARY TRAINING

DATE: July 2, 2014

The Office of Student Affairs of Xavier University Ateneo de Cagayan is extending academic support to potential but financially underprivileged high school students through STREAMS (Supplementary Training to Reinforce Education of the Academically-Gifted but Marginalized Students). STREAMS is a student-led education development program under the Office of Student Affairs that supports students to hurdle entrance examinations and scholarship exams through enrichment classes and personality and leadership development workshops.

In line with the program, that office is inviting our fourth year students from Laguindingan to Balingasag to join the group in their enrichment classes in preparation for college enrollment.

PSDS and Secondary School Heads are encouraged to inform our students regarding the said program. Attached is the letter of invitation with contact numbers for our students to apply and for inquiries.

For information and guidance,

 Superintendent, Misamis Oriental Schools Division
 Department of Education X

Dear Dr Limbaco:

Re: STREAMS 10th Year Call for Applications

Ad majorem Dei gloriam!

STREAMS (Supplementary Training to Reinforce Education of the Academically-Gifted but Marginalized Students) – **Pathways to Higher Education** is a student-led education development program under the Office of Student Affairs in Xavier University, that extends academic support to potential but financially underprivileged high school students. Such support will be employed through enrichment classes and personality and leadership development workshops that could supplement their academic needs and overall holistic development. At the same time, such will also involve influencing local government units and private institutions in helping poor but deserving students find access to quality higher education. STREAMS considers education reform as the focus of its organizational purpose and operation.

As advised by the DepEd Regional office, we would like to request an endorsement (i.e. memorandum) from your good office in support of **STREAMS Academy**, our flagship program conducted every school year. As for STREAMS Academy's 10th year of operations (AY 2014-2015), the program will be scouting fifty (50) fourth year public high school participants from Cagayan de Oro City and from the neighboring municipalities of Misamis Oriental (from Laguindingan to Balingasag). Once gathered, these fifty STREAMS Academy participants will then be undergoing the aforementioned enrichment classes in preparation for entrance and scholarship exams, personality enhancement sessions, career orientation seminars, and other college preparation workshops. Moreover, the said activities will be conducted every Saturday, 8:00 AM–5:00 PM, from the months of August until March.

As an educational institution, we are looking forward to your support as our stakeholder for this educational program. Attached with this letter are pertinent documents for your reference. Should you have questions, clarifications, or other concerns, please feel free to contact Ms Dinah Jill P Galleros (STREAMS Vice President for Academics) through +63 9058409888 or through (088) 858-3116/(08822) 72-31-16 local 3330.

We hope for a positive and immediate response as we will be sending letters of invitation to schools starting 27 June 2014. Thank you very much.

In service of education,

ALTON MELVAR M DAPANAS
 President
