Schools Division Superintendent  
Misamis Oriental

Dear Dr. Limbaco:

The Philippine Statistics Authority (PSA) is the agency responsible in the generation of general – purpose statistics and in the implementation of Civil Registration Law.

Statistics, as we all know is vital in planning and it is an indispensable tool in many researches in education, psychology, business, agriculture and others. On the other hand, the need for an authentic Birth Certificate, Marriage Certificate and Death Certificate in acquiring claims from GSIS/ SSS/ Pag-Ibig/ PHIC, securing passports, taking licensure examinations conducted by the Professional Regulation Commission, school enrolment, opening bank accounts and others have posed numerous problems on part of the general public. This is a fact that cannot be simply ignored because a significant number have already lost opportunities and benefits.

It is in this light that we deemed it essential to coordinate with your office to allow us to disseminate information relevant to civil registration in the schools of Misamis Oriental between the months of July and September, 2014.

We are looking forward for your favourable response.

Very truly yours,

  
Dr. Janith Cabalang – Aves
