Dear fellow Edukampyon,

Here's to the warmth of the season, to good health, and best wishes for the holidays and the new year!

We are already in the new normal, and we know that you are doing your part as champions of education while continuing to prioritize safety for all. Thank you for all the good work and collaboration you do for the benefit of our learners.

At **Rex Education**, we are excited to celebrate with you as we look back at the lessons and triumphs of 2022. We are also looking forward to becoming better and stronger with you, in 2023.

As we face the new year full of hope and great expectations, REX remains committed to helping learners, educators, and institutions not only to recover but become resilient. What better way to engage you further than to have insightful discussions, learn from each other, and act on learning resilience through a gathering of educators and education experts.

As your lifelong learning partner, Rex Education invites you to the virtual **Annual Educators' Congress (AECON) 2023** on January 26 and 27. Together, let's accelerate learning recovery toward learning resilience through professional development and earn 8 CPD credit units by the end of the virtual gathering.

We would be delighted for you to join us on our virtual events and activations platform.
