Good day!

Pursuant to Republic Act. No. 11285, An Act Institutionalizing Energy Efficiency and Conservation, Enhancing the Efficient Use of Energy, and Granting Incentives to Energy Efficiency and Conservation Projects, the Department of Energy is the lead agency mandated to ensure its implementation.

Section 9 of the EEC Act states that an Inter-Agency Energy Efficiency and Conservation Committee (IAEECC) is created to evaluate and approve government energy efficiency projects, and to provide strategic direction in the implementation of the Government Energy Management Program (GEMP).

Section 37.e. Powers and Functions of IAEECC are to conduct surveys, audits, technical analysis, and other research or investigations related to energy efficiency projects, among others.

The walkthrough energy audit or on-the-spot check is a type of energy audit conducted in government facilities by the Energy Audit Team (EAT) of the DOE. As the DOE transitions to the new normal, the said walkthrough energy audit will be performed virtually.

The attendees from your end must be the Energy Efficiency & Conservation Officers (EECOs), EEC Focal Persons (EECFPs), personnel from the Administrative Division and General Services Division, and personnel who handles the monitoring of your monthly electricity and fuel consumption, inventory of air-conditioning units/lighting system, familiar about your office internal policies concerning energy conservation, and informed about your building total gross floor area and airconditioned floor area.

A workshop on the GEMP Online System will also be conducted. A laptop or desktop may be required.

For clarifications and questions, please feel free to contact Mr. Crizaldo G. Santos (saldosantos@yahoo.com) (csantos@doe.gov.ph) (09693229446) or Ms. Angela Maureen R. Panapanaan (amrpanapanaan@gmail.com) (09666645217), (632) 8840-2243 or (632) 8479-2900 loc. 277/272/201/214.
