MEMORANDUM TO: VIDA C. SUGANOB, M.D.
NURSE 2 – ELEMENTARY
NURSE 2 – SECONDARY WITH ELEMENTARY EXTENSION SCHOOLS

FROM: CHERRY MAE L. LIMBACO, Ph. D., CESO V
Schools Division Superintendent

DATE: AUGUST 2, 2016

SUBJECT: TRANSMISSION ASSESSMENT SURVEY ORIENTATION (TAS) TO LGU AND DEPED HEALTH PERSONNEL

Misamis Oriental has conducted Mass Drug Administration on Filariasis for 12 years. Transmission Assessment Survey using the Immunochromatographic Test (ICT) is one of the diagnostic tests in determining W. bancrofti, an antigen for Lymphatic Filariasis. The result of the survey will determine whether the province will be qualified as Filaria free province.

Hence, the Department of Health (DOH) Regional Office X will be conducting a **Transmission Assessment Survey Orientation (TAS)** to LGU and DepEd Health Personnel on August 9, 2016 and Workshop Orientation on the proper use of Immuno Chromatographic Test (ICT) on August 10, 2016 in Cagayan de Oro City venue to be announced.

In this connection, you are advised to attend the said activity. Hotel accommodation, meals and snacks will be provided by DOH ROX except accommodation of residents from Cagayan de Oro City and nearby municipalities while transportation and per diem (one day before and after the activity) will be charged to sending agency. Registration will start at 9:00am and activity will follow immediately.

For information, guidance and compliance.
