

Defining Teacher Quality: Standards-based Tools

Criteria for an Effective Teacher Evaluation System

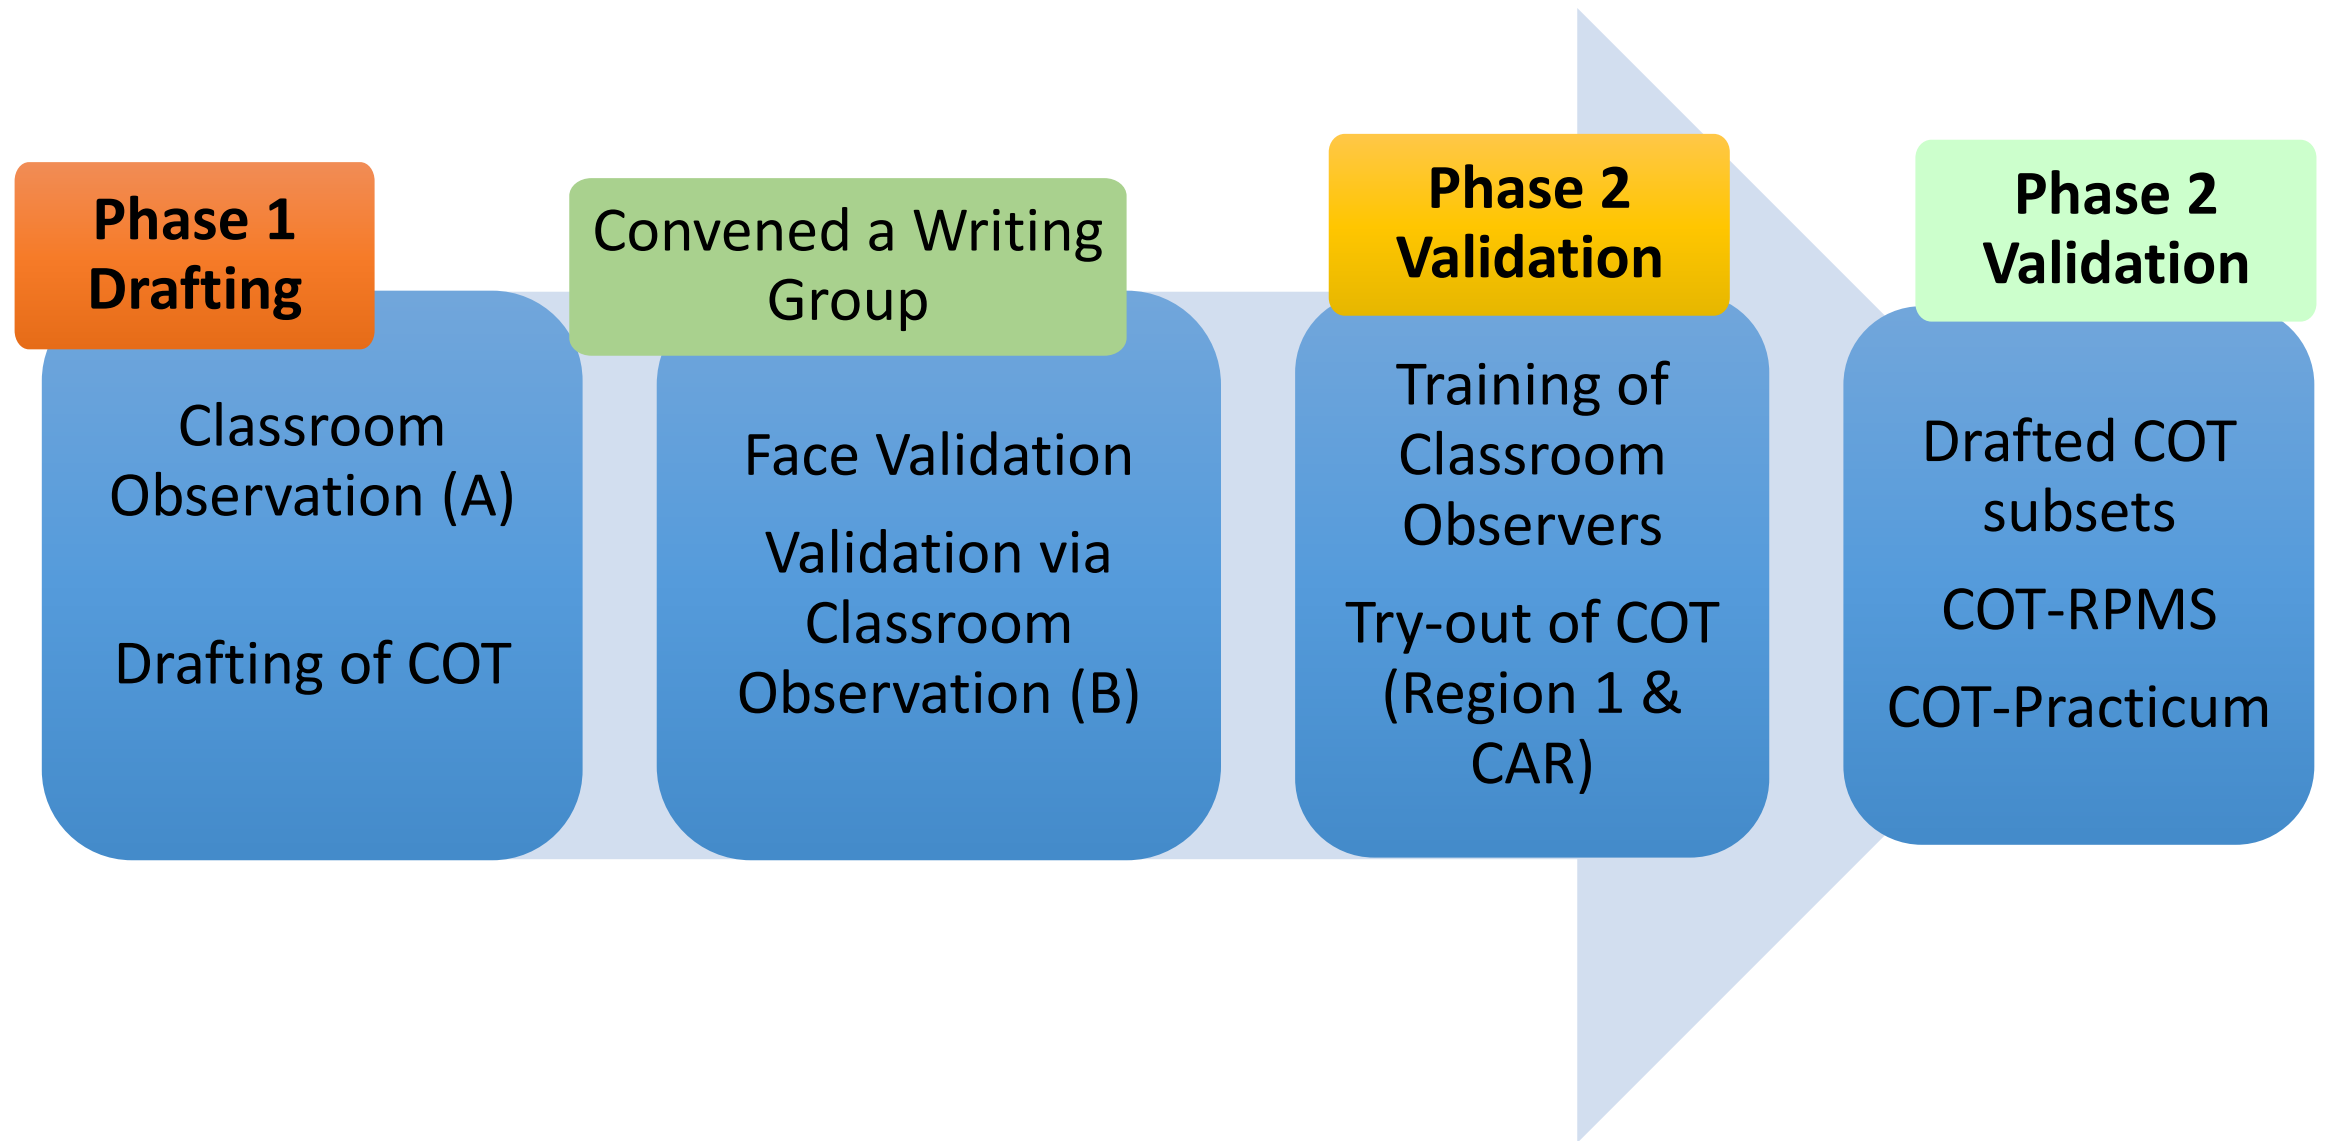

Teacher evaluation should be based on professional teaching standards and should be sophisticated enough to assess teaching quality across the continuum of development from novice to expert teacher.

Classroom Observation Tool Indicators

Domain 1. Content Knowledge and Pedagogy

Indicator 1 Applies knowledge of content within and across curriculum content teaching areas

Strand 1.2 Research-based knowledge and principles of teaching and learning

Indicator 4 Ensures the positive use of ICT to facilitate the teaching and learning process

Indicator 7 Uses a range of teaching strategies that enhance learner achievement in literacy and numeracy skills

Indicator 2 Applies a range of teaching strategies to develop critical and creative thinking, as well as other higher-order thinking skills

Indicator 8 Displays proficient use of Mother Tongue, Filipino and English to facilitate teaching and learning

Indicator 9 Uses effective verbal and non-verbal classroom communication strategies to support learner understanding, participation, engagement and achievement

Domain 2. Learning Environment

Indicator 18 Establishes safe and secure learning environments to enhance learning through the consistent implementation of policies, guidelines and procedures

Indicator 20 Maintains learning environments that promote fairness, respect and care to encourage learning

Indicator 19 Manages classroom structure to engage learners, individually or in groups, in meaningful exploration, discovery and hands-on activities within a range of physical learning environments

Indicator 10 Maintains supportive learning environments that nurture and inspire learners to participate, cooperate, and collaborate in continued learning

Indicator 11 Applies a range of successful strategies that maintain learning environments that motivate learners to work productively by assuming responsibility for their own learning

Indicator 12 Manages student behavior constructively by applying positive and non-violent discipline to ensure learning-focused environments

Sample Feedback from the tryout:

- add more “elaborations” and “possible examples”
- Split some indicators to re-align its focus
- change some terms
 - “Possible Examples” to “Features of Practice”
 - “Elaborations” to “Clarifications”
 - “Global Scanning Form” to “Observation Notes Form”
- develop a manual of use
- develop subsets of COT

in partnership with the Philippine Normal University, the National Center for Teacher Education*

Background of Alignment of Standards with RPMS

- The idea of alignment emerged from the National Focus Group Workshops conducted between March and April 2015 across 17 regions in the country.
- Participants consistently and strongly expressed the need to align PPST with RPMS.

Key Activity 1: Drafting of the RPMS-DNCBTS Tools

June 29-30; July 9-11; August 16-18, 2015

Objectives

To address the demand of the field to align the D-NCBTS and RPMS

Key Activity 2: Field Tryout of the Tools

September 21-28; October 13-20, 2015

Objectives

This key activity primarily aimed at determining:

- whether the prototype RPMS-DNCBTS tools embodied the design ideas/purpose of DepED RPMS;
- whether the prototype RPMS-DNCBTS tools were practical (in terms of time demands) to use in schools;
- whether the prototype RPMS-DNCBTS tools achieved their purpose, i.e. (i) support/encourage teacher quality; (ii) understandable by teachers and principals; and (iii) manageable by teachers and principals); and,
- other related concerns

Tryout of the RPMS Tools

Key Activity 3: RPMS Portfolio Assessment Process Workshop

November 25-27; December 7-10; December 21-23, 2015

Objectives

This activity aimed to:

- determine how Principals/Head Teachers/Master Teachers rate the evidence in Portfolios based on the tool;
- determine whether the Principals/Head Teachers/Master Teachers assess for quality and how they do it;
- gather feedback on the Classroom Observation Tool Levels in the RPMS;
- gather feedback on annotations and its effect in the assessment of the Portfolio; and
- improve the Portfolio assessment process.

Key Activity 4: RPMS Manual/Guidelines Development

January 6, 13-14, 21-23, 2016

Objectives

This activity aimed to:

- develop manual/guidelines that will help principals and teachers in preparing and organizing Teacher RPMS Portfolio and assessment of portfolio

Key Activity 5: Tryout and Review of the RPMS Manual/Guidelines

January 28-29, 2016

Objectives

This activity aimed to:

- assess the draft version particularly in the preparation of documents, organization of portfolio, and portfolio assessment

Key Activity 6: Annotation Guidelines for RPMS Portfolio

February 3-5, 2016

Objectives

This activity aimed to:

- identify common decision rules when assessing portfolios,
- draw issues and concerns that are potential inputs to decision rules from workshops with DepEd principals and other raters,
- draft decision rules for integration into the manual.
